750 copies printed @ \$0.08 each for a total cost of \$60

What Is Being Done?

The Michigan Department of Transportation (MDOT) will be reconstructing 2 miles of US-41 in the city of Menominee, widening the roadway from four lanes to five between 20th Avenue and M-35, and converting the segment from M-35 to 48th Avenue to three lanes. This design includes a center left-turn lane, concrete curb and gutter, sidewalks and storm sewer replacement, and replacement of the water and sewer utilities in a joint project with the city.

When Will This Be Done?

Construction is scheduled to begin in April and be completed by November 2011.

How Will Traffic Be Affected?

This project will require a detour for US-41 and M-35 traffic in phases using city streets:

2010 Construction

- 1A - US-41 to 13th Street, 13th Street to 30th Avenue, and 30th Avenue to US-41
- 1B - US-41 to 23rd Avenue, 23rd Avenue to 13th Street, 13th Street to 38th Avenue, and 38th Avenue to US-41

2011 Construction

- 2A - M-35 to 48th Avenue, 48th Avenue to US-41, and US-41 to M-35, then US-41 to 48th Avenue, 48th Avenue to M-35, M-35 to US-41.
- 2B and 2C - US-41 to 48th Avenue, 48th Avenue to M-35, and M-35 to US-41

Long-term Benefits

This project will improve safety, improve ride quality, and extend the pavement service life.

MDOT's 2010 road and bridge program supports the creation of jobs, growth of the economy, preservation of the environment and the safety and security of the transportation system.
